NON AIR Flat Bottom bins

“Store more for less”

EASY ACCESS DOOR

“The flip open door is very nice. Even my newer Weststeels have awkward panels and I find the chute much smaller than my new DARMANI’S. I’m happy with my purchase. It’s a well build bin. “

POSI-DRIVE LID OPENENER

*The NEW LID design is just what we needed. Finally something that works for us. It accommodates our 16” augers and I like the way it has tension on it all the time making it both easy to open and close and windproof. Everyone should have one! **“Best lid on the market”**.*

Rack and pinion handle

“The Steel floor is the only way to go as hoppers are too expensive and resale is a really big deal for me”
